L. J. Ch. et M. I.

Dear Brothers,

On behalf of all Oblates belonging to the Delegation in Ukraine and Russia, and in my own, I wish to express my great gratitude for all support from Father General, Father Provincial, Oblates of our Province, and the help of each of you. We sincerely thank everyone who, whether in person by phone, via e-mail, or in any other way, supports us and the people entrusted to our care in this hard time of the war with the troops of the Russian Federation.

Over the past few days, it has been necessary to hide many times from bombings, but the Oblates do not leave their monasteries and parishes but stay in them, to accompany people, support them morally, spiritually, and materially, and often allow them to shelter in the cellars of our churches and monasteries.

In Chernihiv, which is often bombed by the Belarusian side, not only parishioners but also people from nearby buildings take refuge in the basement of the church, where young children also spend the night. In our Tyvriv monastery and sanctuary of Our Lady of Tyvriv and martyrs for the faith of the 20th century, a large group of parishioners from Kyiv and other villages more threatened with bombing found shelter. In the Sanctuary of St. Joseph, there is intense prayer in front of the Blessed Sacrament for peace. Such prayer takes place in many of our chapels and churches.

In various circumstances of our everyday life, also during the celebration of the Eucharist, we hear sirens announcing possible bombing or flights of military planes, which is the cause of increased fear.

All the more, we express our sincere gratitude to everyone for every form of support, especially for intercession before the Lord. We believe that God can work a miracle and give us peace.

Many of you have the opportunity and the desire to support our ministry financially. Thanks to it, we will be able to help people who are entrusted with our responsibility and all others who need help even more effectively. And for this, we will be very grateful and we will respond with our prayers.
